The boat with the lowest series score wins and the others shall be ranked accordingly". Rule A5.3 applies, with the words "entered in the series" replaced by "on the class register on the day of the race".

8.2 For all events, a lone boat in her class that comes to the starting area will be eligible to score points.

8.3 Boat skippers and crews rostered for duty shall report to the Race Officer by 1130 hrs on their duty day. At the end of the specific series in which the rostered duty took place, for each race for which they performed duty they will be allocated 2 points for the relevant series. Casual duty days performed in addition to rostered days will be awarded points equal to Did Not Start points for the races held that day unless recorded by a Flag Officer that the day will be assigned as a rostered duty day. If a skipper and crew do not report on time when rostered for duty, their boat will be given a score for that day equal to the number of boats in their class on the club register plus 5. This score will not be discardable. To avoid the penalty score, the skipper's attendance must be recorded in the Duty Roster book and witnessed by the Race Officer.

8.4 In the event of the replacement of a boat during the season, the owner may on application to the Race Committee, be permitted to continue the points scored to that time, provided that the boat is the same class as the previous boat and at all times complies with the rules as per paragraph 2.
